

# ENDURE INTERIOR KITCHEN & BATHROOM

## DESCRIPTION

Taubmans Endure Kitchen and Bathroom is formulated to protect against humidity, heat and grease, as well as mould and mildew for maximum protection of the painted surface. Nanoguard Technology protects the surface through its small and large particles that interlock, creating a strong protective shield, so stains and grease can be wiped away without damaging the finish of the paint. Taubmans Endure Kitchen and Bathroom has great touch up properties, and antibacterial protection- resulting in it being approved by the National Asthma Council Australia's Sensitive Choice Program.

## USES

Interior walls in high traffic wet areas.
